Fly-fishing Teambuilding

AT KLOOFZICHT LODGE & SPA

Fly-fishing activities can be custom-made to your group size and requirements, but find below some guidelines to a brilliant day out. Spa treatments can be added to this lifestyle package.

CLASSIC FLY-FISHING EXPERIENCE

A fly-fishing guide will instruct guests on the techniques required for fly-fishing.

THESE INCLUDE HOW TO:

1) cast and retrieve a fly, 2) select a fly by understanding the life cycle of aquatic insects. Teams will then put their new skills to the test when they compete against each other in the "casting challenges". Teams then have an opportunity to try catch a fish.

Duration: 2.5 hrs

TROUT COOK-OFF AND WINE PAIRING

Enjoy a demonstration on how to prepare and cook a trout. A presentation during which fine wines should ideally be paired with the fish (based on the way it has been prepared). The teams then compete against each other by trying to prepare and cook the best fish.

Duration: 1 hour

INTERACTIVE FLY-FISHING AND WHISKEY TASTING

Experienced fly-fishing guides demonstrate how to tie a fly while a whiskey ambassador presents a variety of quality whiskeys. Guests then have an opportunity to tie their own fly.

Duration: 1.5 hrs
